The River War May 13 2022 **The River War An Account of the Reconquest of the Sudan** Winston S. Churchill The reconquest of the Egyptian Sudan was a military achievement remarkable first of all for the fact that unvarying and complete success attended every movement from the advance from Wady Halfa to the defeat and death of the Khalifa. This success was mainly due to one man endowed with extraordinary organizing genius, seconded by able and zealous subordinates. Warlord Apr 19 2020 As riveting as the man it portrays, Warlord is a masterful, unsparing portrait of Winston Churchill, one of history's most fascinating and influential leaders. "Epic. . . A brilliantly exciting narrative. . . D'Este has given us, finally, the lion not only in winter, but at war: impetuous, brazen, misguided, but indefatigable, indomitable, and magnanimous: the greatest and most energetic generalissimo of the 20th century." —Boston Globe Carlo D'Este's definitive chronicle of Churchill's crucial role in the major military campaigns of the 20th century, Warlord uses extensive, untapped archival materials to provide "a very human look at Churchill's lifelong fascination with soldiering, war, and command." (Washington Post)

The River War Jul 15 2022

In Command of History Mar 31 2021 Winston Churchill was one of the giants of the twentieth century. As Britain's prime minister from 1940 to 1945, he courageously led his nation and the world away from appeasement, into war, and on to triumph over the Axis dictators. His classic six-volume account of those years, *The Second World War*, has shaped our perceptions of the conflict and secured Churchill's place as its most important chronicler. Now, for the first time, a book explains how Churchill wrote this masterwork, and in the process enhances and often revises our understanding of one of history's most complex, vivid, and eloquent leaders. *In Command of History* sheds new light on Churchill in his multiple, often overlapping roles as warrior, statesman, politician, and historian. Citing excerpts from the drafts and correspondence for Churchill's magnum opus, David Reynolds opens our eyes to the myriad forces that shaped its final form. We see how Churchill's manuscripts were vetted by Whitehall to conceal secrets such as the breaking of the Enigma code by British spymasters at Bletchley Park, and how Churchill himself edited the volumes to avoid offending postwar statesmen such as Tito, Charles de Gaulle, and Dwight D. Eisenhower. We explore his confusions about the true story of the atomic bomb, learn of his second thoughts about Stalin, and watch him repackage himself as a consistent advocate of the D-Day landings. *In Command of History* is a major work that forces us to reconsider much received wisdom about World War II. It also peels back the covers from an unjustly neglected period of Churchill's life, his "second wilderness" years, 1945—1951. During this time Churchill, now over seventy, wrote himself into history, politicked himself back into 10 Downing Street, and delivered some of the most vital oratory of his

career, including his pivotal “iron curtain” speech. Exhaustively researched and dazzlingly written, this is a revelatory portrait of one of the world’s most profiled figures, a work by a historian in full command of his craft. “A fascinating account that accomplishes the impossible: [Reynolds] actually finds something new and interesting to say about one of the most chronicled characters of all time.” –The New York Times Book Review A New York Times NOTABLE BOOK OF THE YEAR A BEST HISTORY OF THE YEAR SELECTION –The New York Sun NOTE: This edition does not include photographs.

The River War Jun 21 2020 An Account of the Reconquest of the Sudan by Winston S. Churchill
The River War Jan 09 2022 The River War An Historical Account of the Reconquest of the Soudan by Winston S. Churchill Here Sir Winston S. Churchill tells the tale of the Anglo-Egyptian reconquest of the Sudan. It isn't just an account of the battles and the politics; it's the story of the destiny of the people of the region: Churchill with his powerful insight tells how the war changed the fates of England, Egypt, and the Arabian peoples in northeast Africa. In vivid style the book describes the background to the war, the relationship of the Upper Nile to Egypt, the murder of General Charles George Gordon in the siege at Khartoum, the political reaction in England, and Kitchener's elaborate preparations for the war. While in the Sudan, Churchill participated in the Battle of Omdurman. Churchill comments at length on the mechanisation of war with use of the telegraph, railroad, and a new generation of weaponry. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. Churchill Style Jul 03 2021 A look at the towering twentieth-century leader and his lifestyle that goes beyond the political and into the personal. Countless books have examined the public accomplishments of the man who led Britain in a desperate fight against the Nazis with a ferocity and focus that earned him the nickname “the British Bulldog.” Churchill Style takes a different kind of look at this historic icon—delving into the way he lived and the things he loved, from books to automobiles, as well as how he dressed, dined, and drank in his daily life. With numerous photographs, this unique volume explores Churchill’s interests, hobbies, and vices—from his maddening oversight of the renovation of his country house, Chartwell, and the unusual styles of clothing he preferred, to the seemingly endless flow of cognac and champagne he demanded and his ability to enjoy any cigar, from the cheapest stogies to the most pristine Cubans. Churchill always knew how to live well, truly combining substance with style, and now you can get to know the man behind the legend—from the top of his Homburg hat to the bottom of his velvet slippers. “All readers will appreciate Singer’s highly intelligent observations about how Churchill’s style contributed to, and was ultimately an integral part of his brilliant career.” —Gentleman’s Gazette

The River War (History of the War in Sudan) Jan 29 2021 This eBook edition of "The River War" has been formatted to the highest digital standards and adjusted for readability on all devices. The River War is a historical book by Winston Churchill, concerning his experiences as a British Army officer, during the Mahdist War (1881–99) in the Sudan. The River War tells a story of the British imperial involvement in the Sudan, and the Mahdi War between the British forces, led by Lord Kitchener, and the Dervish forces, led by Khalifa Abdallahi ibn Muhammad, "The Mahdi", heir to the self-proclaimed Mahdi Muhammad Ahmad who had embarked on a campaign to conquer Egypt, to drive out the Ottomans.

The River War Volume 1 Jun 02 2021 The complete and unabridged First Edition of Winston Churchill's enthralling history of the 1896-1899 reconquest of the Sudan by Lord Alfred Kitchener, which saw the destruction of the Dervish Empire, those fanatical followers of the "Mahdi"- the Islamist leader responsible for the 1885 siege of Khartoum and death of the famous British General Charles Gordon. Widely regarded as the most authoritative account of the Sudan War-which the author dubbed the River War, on account of the importance of the Nile River in the region-this work was originally published in two volumes. This was later condensed down to a single volume, a work which cut out swathes of Churchill's highly relevant observations and commentary. The River War Volume I is the first part of a new edition of the original two volume set which contains the complete and unabridged text of the original First Edition. This meticulously researched history was backed up by the author's personal presence during the military campaign as correspondent for the Morning Post newspaper in London. Volume I starts with a complete account of the history of the Sudan's history leading up to the rise of the Mahdi; the Mahdi's remarkable exploits; and the immediate aftermath of the fall of Khartoum and the murder of General Gordon. Thereafter the author deals with the intriguing political background in Britain and Egypt which led to the creation of a new military force-under British leadership-in Egypt. This force, comprised of Egyptians, Sudanese tribes, and British officers, was developed with the sole purpose of dislodging the Mahdist, or Dervish, Empire which had seized control of most of the Sudan and had established a self-proclaimed Khalifa, or Caliphate. It then relates the military campaigns up to the famous April 1898 Battle of the Atbara, where the Anglo-Egyptian force defeated a 15,000-strong Dervish army. Along the way, the author recounts many dramatic actions, clashes, naval encounters-and the excruciating but incredible technical effort put into building a supply railway through the desert deep into the Dervish heartlands. This Volume I also contains all the original illustrations and maps, digitally restored to the highest standards possible. It has also been indexed.

The River War Sep 17 2022 Regarded as one of the greatest statesmen and political strategists of the twentieth century, British Prime Minister Winston Churchill was also lauded for his strengths as a military thinker. In this gripping volume, Churchill brings together his own first-hand experiences as a soldier and his wide-ranging knowledge of British military history to present a comprehensive look at Sudan's Mahdist War.

The River War Dec 20 2022 In *The River War*, Winston Churchill recounts the operations directed by Lord Kitchener of Khartoum on the Upper Nile from 1896 to 1899 that led to England's reconquest of the Egyptian Sudan. Churchill was present at the decisive battle of Omdurman, and he wrote this book while he was still a young cavalry officer.

[The River War](#) Nov 07 2021 This is a curated and comprehensive collection of the most important works covering matters related to national security, diplomacy, defense, war, strategy, and tactics. The collection spans centuries of thought and experience, and includes the latest analysis of international threats, both conventional and asymmetric. It also includes riveting first person accounts of historic battles and wars. Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world. As with any reproduction of a historical artifact, some of these books contain missing or blurred pages, poor pictures, errant marks, etc. We believe these books are essential to this collection and the study of war, and have therefore brought them back into print, despite these imperfections. We hope you enjoy the unmatched breadth and depth of this collection, from the historical to the just-published works.

[RIVER WAR;"IT IS NOT ENOUGH THAT WE DO OUR BEST.](#) Dec 16 2019 Winston Churchill regularly tops the list of Great Britons of the 20th Century. And with good reason: he led Britain, at times when she stood alone, against the global evils of fascism. Born on November 30th, 1874, his upbringing, as one of the Marlborough family, a branch of the Spencer family, lacked a loving and affection relationship with his parents. His school record was undistinguished and at times poor. However he was a good polo player and an enthusiast for military adventure especially as he could write them up for newspapers and books. His military career was a quite remarkable; a mosaic of wars and locations as the British Empire rapidly expanded and engaged itself in skirmishes, wars and 'great games' with other powers. Usually these postings were artfully arranged with the help of family influence. From these adventures the beginnings of a great writer emerged. It would end with the triumph of a Nobel Prize for Literature in 1953 with the endorsement "for his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values." Winston S. Churchill died aged 90 on January 24th 1965.

The River War Aug 24 2020

[Winston Churchill Reporting](#) Mar 19 2020 Combat, cigars, and whiskeyÑfrom the jungles of Cuba and the mountains of the Northwest Frontier, to the banks of the Nile and the plains of South Africa, comes this action-packed tale of Winston ChurchillÕs adventures as a war correspondent in the Age of Empire.

The River War Nov 26 2020

Hero of the Empire Mar 11 2022 From the bestselling author of *Destiny of the Republic*, this thrilling biographical account of the life and legacy of Winston Churchill is a "nail-biter and top-notch character study rolled into one" (The New York Times). At the age of twenty-four, Winston Churchill was utterly convinced it was his destiny to become prime minister of England. He arrived in South Africa in 1899, valet and crates of vintage wine in tow, to cover the brutal colonial war the British were fighting with Boer rebels and jumpstart his political career. But just two weeks later, Churchill was taken prisoner. Remarkably, he pulled off a daring escape—traversing hundreds of miles of enemy territory, alone, with nothing but a crumpled wad of cash, four slabs of chocolate, and his wits to guide him. Bestselling author Candice Millard spins an epic story of bravery, savagery, and chance encounters with a cast of historical characters—including Rudyard Kipling, Lord Kitchener, and Mohandas Gandhi—with whom Churchill would later share the world stage. But *Hero of the Empire* is more than an extraordinary adventure story, for the lessons Churchill took from the Boer War would profoundly affect twentieth century history.

Shiloh, 1862 Oct 26 2020 A main selection in History Book-of-the-Month Club and alternate selection in Military Book-of-the-Month Club. In the spring of 1862, many Americans still believed that the Civil War, "would be over by Christmas." The previous summer in Virginia, Bull Run, with nearly 5,000 casualties, had been shocking, but suddenly came word from a far away place in the wildernesses of Southwest Tennessee of an appalling battle costing 23,000 casualties, most of them during a single day. It was more than had resulted from the entire American Revolution. As author Winston Groom reveals in this dramatic, heart-rending account, the Battle of Shiloh would singlehandedly change the psyche of the military, politicians, and American people--North and South--about what they had unleashed by creating a Civil War. In this gripping telling of the first "great and terrible" battle of the Civil War, Groom describes the dramatic events of April 6 and 7, 1862, when a bold surprise attack on Ulysses S. Grant's encamped troops and the bloody battle that ensued would alter the timbre of the war. The Southerners struck at dawn on April 6th, and Groom vividly recounts the battle that raged for two days over the densely wooded and poorly mapped terrain. Driven back on the first day, Grant regrouped and mounted a fierce attack the second, and aided by the timely arrival of reinforcements managed to salvage an encouraging victory for the Federals. Groom's deft prose reveals how the bitter fighting would test the mettle of the motley soldiers assembled on both sides, and offer a rehabilitation of sorts for Union General William Sherman, who would go on from the victory at Shiloh to become one of the great generals of the war. But perhaps the most alarming outcome, Groom poignantly reveals, was the realization that for all its horror, the Battle of Shiloh had solved nothing, gained nothing, proved nothing, and the thousands of maimed and slain were merely wretched symbols of things to come. With a novelist's eye for telling and a historian's passion for detail, context, and meaning, Groom brings the key characters and moments of battle to life. *Shiloh* is an epic tale, deftly told by a masterful storyteller.

***River War* Nov 14 2019**

The Zulus at War May 01 2021 By tracing the long and turbulent history of the Zulus from their arrival in South Africa and the establishment of Zululand, *The Zulus at War* is an important and readable addition to this popular subject area. It describes the violent rise of King Shaka and his colorful successors under

whose leadership the warrior nation built a fearsome fighting reputation without equal among the native tribes of South Africa. It also examines the tactics and weapons employed during the numerous intertribal battles over this period. They then became victims of their own success in that their defeat of the Boers in 1877 and 1878 in the Sekunini War prompted the well-documented British intervention. Initially the might of the British empire was humbled as never before by the shock Zulu victory at Isandlwana but the 1879 war ended with the brutal crushing of the Zulu Nation. But, as Adrian Greaves reveals, this was by no means the end of the story. The little known consequences of the division of Zululand, the Boer War, and the 1906 Zulu Rebellion are analyzed in fascinating detail. An added attraction for readers is that this long-awaited history is written not just by a leading authority but, thanks to the coauthor's contribution, from the Zulu perspective using much completely fresh material. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
